

INTERNS FOR INDIANA

ADIPO THERAPEUTICS

Hybrid Summer Internship in Indianapolis

Adipo is seeking interns passionate about medicine and science to understand and be excited about the role of white and brown fat in diabetes and the approach to causing this transformation. A comprehensive communication plan to attract the attention of and build interest with key stakeholders should be designed to communicate specific company objectives through professional social media, updates to websites, presentations, etc.

This internship will provide a unique opportunity to work directly with the CEO early in the development of breakthrough technology, and to have a window into discussions with investors and industry. The intern should have an interest in learning more about the biotech start-up environment.
